

HSQE Manager

Role: HSQE Manager

Salary: £35k (negotiable dependant on experience)

Location: Sheffield, South Yorkshire

Contract: Permanent

Description:

Linbrooke Services is a leading Telecommunications company operating throughout the UK, specializing in networks for mainline rail and other transport networks.

Due to successful growth, we are looking for an experienced Health and Safety Manager who is fully conversant with CDM regulations and Link-up Audit procedures to join our company.

The successful candidate will have industry knowledge and experience in Rail Engineering and be able to effectively manage all Health & Safety requirements for the Linbrooke Services group of companies; ensuring that all aspects are legally compliant and processes are implemented and reviewed across the group.

Applicants must have a pragmatic approach to Health and Safety and be able to effectively communicate with staff at all levels.

Requirements:

- NEBOSH Diploma
- Knowledge and experience rail engineering with a proven track record in Health & Safety Management.
- I.T. proficient.
- PTS and COSS advantageous
